With tapestry needle, at the top of carrot.. weave in beginning tail through foundation row and pull snug to close the top opening. Weave in all lose ends.

With green yarn, cut 15 pieces approx. 8" long each. (5 for each carrot, 4 for the tops and one to tie)

Holding 4 pieces together, using crochet hook, pull the strands through the top of the carrot, with another piece tie securely around the strands near the top of the carrot (refer to picture). Repeat this for the other two carrots.

With a small scrap of beige yarn. Tie the three carrots together around the top green part (refer to picture).

Glue Magnet to back.

If you wanted to get creative you could add some wiggles eyes to the carrot.. or a bow or anything you wish to dress up your little bunch of carrots.
